innovative leadership and career development programs.

10.4 Explore the local, state, and national opportunities available to students through participation in SkillsUSA including but not limited to conferences, competitions, community service, philanthropy, and other SkillsUSA activities.

Careers in A/V
AAVTC-AVTFI-9
Develop an understanding of audio video and film careers, describe the principal fields of specializations and identify associated career opportunities.
9.1 Identify education requirements for audio video and film occupations and locations where programs of study are available.
9.2 Match audio video and film job titles with qualifications and responsibilities.
9.3 Participate in activities related to career interests.

Safety
AAVTC-AVTFI-2
Understand and follow safety procedures when working with TV equipment.
2.1 State general safety rules for operation of equipment and learning activities specific to film and TV.
2.2 Perform safe practices when working on assignments.
2.3 Transport equipment safely and securely.

Basic Language in A/V
AAVTC-AVTFI-3
Understand and utilize trade terminology in an appropriate manner.
3.1 Identify and utilize trade terminology in the media production lab.
3.2 Identify and utilize trade abbreviations and acronyms as appropriate.

4.9 Explain the care, storage, and use of media hardware and software.
4.10 Determine proper cables for set-up and operation of production equipment.

Scripts
AAVTC-AVTFI-5
Identify and create various types of scripts.
5.1 Identify scripts by format.
5.2 Demonstrate the steps leading to the development of various types of scripts (Brainstorm, Proposal and Treatment).
5.3 Define terminology used in scriptwriting.
5.4 Write scripts as assigned according to designated deadline.
5.5 Plan and produce a storyboard.

Production Equipment
AAVTC-AVTFI-6
Demonstrate proper use and operation of studio equipment and production techniques while working as part of a production team during a studio broadcast.
6.1 Operate production switcher.
6.2 Operate audio console.
6.3 Operate recording/broadcasting equipment.
6.4 Operate studio cameras.
6.5 Operate character generator.
6.6 Identify and perform duties of a floor director.
6.7 Demonstrate basic three point lighting for studio broadcast.

Live Production
AAVTC-AVTFI-7
Demonstrate teamwork and proper use of equipment while participating in a live field production which may include electronic news gathering, film work or streaming live events.
7.1 Operate field cameras.
7.2 Demonstrate live audio recording using proper microphones and field mixer.
7.3 Identify different types of internet connections.

4.3 Demonstrate proper picture composition techniques.
4.4 Demonstrate proper camera movement.
4.5 Demonstrate proper use of microphones.
4.6 Identify qualities of a technically acceptable audio track.
4.7 Demonstrate mastery of aesthetics to include composition, coordination, balance, and color contrast.
4.8 Demonstrate basic lighting techniques.
4.9 Explain the care, storage, and use of media hardware and software.
4.10 Determine proper cables for set-up and operation of production equipment.
