October 21, 2020

Dear Worth County Schools Families and Community Members:

I am grateful for the opportunity to serve as Interim Superintendent of Worth County Schools. What I am most amazed with about this school district is the way it embraces values of family, community, and education. I appreciate the commitment, grit, and resilience that is Worth County Schools. And because of my years here, there are certain things that I have come to believe, know, and commit.

I believe that by working together we can continue to make the Worth County School District a place where children learn, grow, and thrive. I believe we can continue to support one another in this important work, work that is difficult but important to all of us. I believe working together means talking more and engaging each other in sometimes tough conversations about the challenges we face. In fact, I believe working together as a productive team is the only way we can truly address the challenges we face now and the challenges we will face in the future.

I know Worth County Schools is a great place to learn. After years of working here and getting to know its families, staff, and community leaders, I feel fortunate to have interacted with many dedicated people. There are new opportunities ahead of us. Change is constant, and progress depends on it. Let's continue to move forward together.

I am committed to serving as a superintendent who is a communicator, a listener, an instructional leader, and a public servant while the Board of Education conducts a search for a new superintendent. I am committed to doing what I can to help employees, students, families, and community members find new ways where new ways are needed.

We are a learning organization; now, more than ever, we are learning new techniques of teaching, new methods of operating, and new behaviors of joining together as a team. Together we will work to forge stronger partnerships with employees, stronger relationships with families, and stronger ties to our community partners — all in the name of doing right by kids.

Sincerely,

Djana Goss
Interim Superintendent
Worth County Schools
